RXII SERIES

A Top Notch Cutting Plotter for Professional Sign Makers

Advanced features:

Multiple Pressure Setting Pinch Rollers

- Heavy: Sandblast Mask, Reflective Film
- Medium: Vinyl
- Light: Window Tint Film

Advanced Driver Function

- Multiple Parameter Settings by Pen
- Die Cut

Auto Cut Off Function

This feature allows users to set the cutter to cut off the media after the completion of each job making it easy to set up an unattended workflow for mass production.

Ethernet Connection

Network connection enables multiple RXII units to be operated by one PC and multiple PCs to share a single unit.

Enhanced AAS II

RXII series features Automatic-Aligning System (AAS II) to guarantee precise contour cutting by automatically detecting the registration marks on digitally produced images.

Touch Key Panel & Backlight LCM

The brand new touch key panel and backlight LCM are easy to use and durable. The intuitive design allows users to operate the machine easily.

Section Cutting

RXII divides the long plot data into sectional output jobs to gain higher cutting quality and increase precision.

Auto Rotation

RXII detect the unique registration marks to distinguish material feeding direction and rotate cutting content automatically.
